### JUST A REMINDER

The Board of Directors are not police officers and only have the power to enforce the Deed Restrictions, Constitution and By-Laws of LHPOA. If an issue is in regards to someone breaking a Rule located in the Constitution, Deed Restrictions or the By-Laws of LHPOA, please notify your director for an incident report and promptly report the issue. If it is an issue between you and your neighbor, please try to work it out between you and them. If it can not be worked out, either call

the police or your attorney. If it is an issue where a law is being broken contact the police and let your director know.

### DO YOUR PART TO RESPECT THE PARK

Our front gate system is programmed to let one car in at a time. When you allow another car to come in, it causes the gate to malfunction. The next person to come to the gate may not be able to get in. Please, only one car at a time. **Please use your gate key to open the gate, do not drive in front of the gate to open.** Also, remember you are responsible for anyone you let in the front gate.

Members who are moving a camper/rv in or out of the campground must secure permission from the Board of Directors to park their camper/rv temporarily on common property. Contact your District Director for permission from the Board. **If you have more vehicles then will fit on your lot, you must park in approved overflow locations. Never park in another members lot without written permission. Never park in a cul-de-sac and block a members driveway or access to their lot. Do not park on the street.**

### PRIVACY CLAUSE

Over the previous years we have been made aware that due to privacy laws, both Federal and State of Ohio, we cannot disclose any personal and private matters. Since 2017, we have held executive sessions after every board meeting to cover any fines, discipline or any other issues the board deems could be in violation of the privacy acts. This clause protects the LHPOA and members from any conflicts.
